No part of this scoring system may be altered in any way. No part of this score chart may be altered or copied without express written permission from the Boone and Crockett Club. A score chart is not authenticated until signed and dated by a certified Boone and Crockett Club Official Measurer. No scores are official Boone and Crockett scores until verified and the trophy is accepted by the Boone and Crockett Club. All trophy entries into the Boone and Crockett Club's Awards Programs are subject to verification.

BOONE AND CROCKETT CLUB® INSTRUCTIONS FOR MEASURING COUGAR AND JAGUAR

Measurements are taken with calipers or by using parallel perpendiculars, to the nearest **one-sixteenth** of an inch, without reduction of fractions. Official measurements cannot be taken until the skull has air dried at a habitable room temperature for at least 60 days after the animal was killed. The 60-day drying period for a skull that has been frozen or boiled begins the day it is removed from the freezer, boiling pot, or submersion in any liquid.

All adhering flesh, membrane and cartilage must be completely removed **before** official measurements are taken.

A. Greatest Length is measured between perpendiculars parallel to the long axis of the skull, without the lower jaw and excluding malformations.

B. Greatest Width is measured between perpendiculars at right angles to the long axis.

BOONE AND CROCKETT CLUB® MATERIALS RELEASE FORM FOR ALL NON-HUNTER-TAKEN TROPHIES

I certify by my signature that the information I have provided on this form is accurate and correct. I also understand that all my entry materials, including photographs, as well as any additional photographs taken by Boone and Crockett (our representatives or agents) during Awards Programs or Judges Panels, or likenesses rendered from these photographs become the property of the Boone and Crockett Club and may be used to promote the Club, and its records-keeping activities.

ENTRY REQUIREMENTS FOR BOONE AND CROCKETT TROPHIES

- Current original score chart, signed and dated by the Official Measurer.**
- \$40 Entry Fee.** The entry fee, which is nonrefundable, is payable in cash, personal check, money order, credit card, etc., It is waived for government fish and wildlife agencies, Official Measurers, museums, educational institutions, etc.
- Clearly focused photographs** of trophy front, right side, and left side of horns or antlers. For skull, include photographs of front, top, right side, and left side. Digital photographs are acceptable, but must be high quality. 3"x4" or 4"x6" photos are preferred, either singly or all on a single 8.5"x11" sheet of glossy photo-grade paper.
- Entry Affidavit or Materials Release Form.** The hunter's signature on the Entry Affidavit must be witnessed by either an Official Measurer, notary public, or Commissioner of Oaths (Canada), or it is not acceptable. No Entry Affidavit is required for trophies of unknown origin, picked up, hunter deceased, purchased at flea markets, etc. However, a Materials Release Form, signed by the owner, is required for these trophies. The Materials Release Form is on the back of the score chart.
- Hunter, Guide, and Hunt Information form or Narrative of the history of the trophy.** A completed Hunter, Guide, and Hunt Information form is required even if the services of a guide were not employed on the hunt. The hunter simply needs to complete the parts of the HGH form that apply to his particular trophy.
- Copy of hunting license/big-game tag/salvage permit used to take or possess the trophy.** In lieu of a copy of the original license/tag, B&C will accept a statement from an appropriate Game and Fish Department official certifying that a license (and any required tags) was possessed by the hunter at the time the trophy was taken. If the Game and Fish Department no longer has records at its disposal to verify a license purchase, a written statement, on official letterhead, from game and fish personnel stating the fact that the license information is no longer available is acceptable. If a salvage or possession permit is required in the particular state for picked up trophies, submit a copy of that document or a letter stating it was issued if it is no longer available.
- A narrative is required for trophies of unknown origin, picked up, hunter deceased, purchased at flea markets, etc.** The narrative must include pertinent information about how the trophy was acquired, condition of trophy (if found), dates, bills of sale, etc. If a boundary is involved with the category (e.g. Columbia blacktail deer), the exact location where it came from must be included.
